The regular monthly meeting of the Newark Board of Trade was held in the parlors of Plymouth Congregational church Thursday evening. In response to cards of notification 126 members, officers, and directors were present when the call came to sit down to dinner at 6:20 o'clock. Before this those attending circulated about the rooms and spent the time in pleasant social intercourse. The delay last night it is understood will not occur again, and the meal will begin promptly at 6 o'clock, so that it can be gotten over in time that the time thus virtually lost can be applied at the end of the business session, without prolonging it to an unseemly length.

The dinner, as usual, was splendid in all its appointments of variety in quality, bountiful supply, and excellent service. The following menu was proffered for the enjoyment of those at the tables.

Fruit	Roast Beef	Sweet Potatoes
Mashed Potatoes	Brown Bread	White Bread
Gravy	Salad	Cake
Coffee	Ice Cream	

The business session was called to order by the president of the board, Mr. C. H. Spencer, as soon as cigars were lighted, and much interest was manifested from the start, as it had been noised about that some reports to be given during the evening would be in the nature of pleasing surprises.

Mr. Spencer congratulated the gathering as representative of the commercial and industrial life of the city which would reflect credit upon any community. He indulged in some well-meant and just criticism of the members for their dereliction in the mailing of the return cards sent out with the notifications of the meetings, which neglect made it most inconvenient to the committee and caterers to determine approximately the number to prepare for. Some had waited until the afternoon and then telephoned in their acceptance or regrets, which made it unnecessarily difficult for all concerned. He urged upon all to exercise just a little consideration in this matter, and the importance of mailing the return cards and also asked that the blank places for suggestions be filled by those receiving the cards.

SUGGESTIONS OF MEMBERS.

Not all of the members voted upon the return postal cards sent out prior to this meeting, but of those who did vote upon the several propositions presented, 145 favored the continuation of 6 o'clock dinners while 50 voted to substitute a 7:30 p. m. smoker for the 6 o'clock dinner. Eighty-five members promised to plant trees on Arbor Day. This does not include orders received through the public schools. Those who said they would take an active part in "Clean Up" day numbered 165, and 163 promised to use their best influences toward improving the condition of the sidewalks of the city. Here are some of the suggestions made upon the return postal cards:

If Finding a Lost Article is an Urgent Matter, Advertise ACCORDINGLY!

The sting of a personal loss should send you quickly to the "Lost and Found" classification—both as an advertiser and as a reader of ads! Here's some consolation: A MAJORITY of lost articles may be recovered. That's just as sure as that a majority of people are HONEST—AND THEY ARE!

and a convenient hall. That Union street building which the coming summer. The spirit manifested has been fine. I hope to see the moral atmosphere of Newark changed for the better, not so much by the Board's getting into politics as by the creation of a moral and business sentiment through material discussion. Public sentiment works wonders sometimes.

Cut out cigars at 6 o'clock dinners; so much smoke is very disagreeable to a great many.

For cleaner streets and enforce the ordinance of letting people throw glass on streets.

Eating makes all of us sociable. Much smoking makes some of us ill. Don't change.

The walk around the Court House Park is about the worst in town.

I think the outside sidewalks need looking after as well as the business sections. City should give grades and compel lot owners to put in sidewalks.

I suggest that some one talk on subway at April meeting.

Start a movement for an armory and push it hard. Then the city will have a hall for conventions.

Have open holes and ditches in city streets (paved and not paved) closed in a proper, respectable manner.

To take up bumps on brick streets and put back in proper order.

The most disgraceful feature of the city of Newark is the condition of her streets.

That we use our influence to break up the practice of blockading public entrances and stairways by loafers.

Observing vehicle ordinance.

That another attempt be made to secure Carnegie's aid for library.

Don't forget the South Side. We need your help.

Push good roads.

Change of dinner hour to 6:30.

I have tried for two years to have walks from Fourth street to Run on Ash street, but the city will not put them in.

I think it would be a good thing for the Board of Trade to have the canal bed fixed up a little bit between First and Second streets.

No billboard on sidewalks and buildings.

Get busy with the mayor, or chief of police, council, etc., and see that they enforce the laws if you represent what you claim—the people.

First, see that the laws are enforced. Better to clean up all the time than on one particular day.

I see nothing in dinners of smokers for the Board of Trade. What's the matter with our Board of Health? Have we no Board of Service to attend to our sidewalks?

The Board of Trade is all right. Good work is being done.

I vote for a monthly meeting and no smoking. Strictly business.

Continuing, Mr. Spencer said, in part:

"The growing interest in the efforts of the Board of Trade to accomplish something for Newark is very gratifying but there is one discouraging feature, viz: Then tendency to criticize without suggesting the proper solution."

"It is easy to point out defects and complain of conditions but it is quite another thing to name the proper remedy and direct its application. Doubtless if the millennium were at hand some people would still complain. If every man in this organization of six hundred and thirty members were to work day and night unselfishly for the common good of the citizens of Newark some good would be to find fault with methods employed or with the measure of results accomplished. It is a difficult thing for some citizens to realize that a body of men such as compose this Board of Trade can and do give their time, their money and effort without a selfish personal interest. In other words, there is always a suspicion in the minds of some that there is an 'ax to grind,' an ulterior motive behind the action."

"What but a proper motive could inspire the movement for the observance of Arbor Day? Who can object to the project of a 'Clean Up' day? Where is anyone who does not want to see the Public Library grow and prosper? Who doesn't want good roads? Who objects to the cultivation of the city?"

MINERS ORDERED TO STRIKE TOMORROW

Wheeling, W. Va., March 17.—President Lewis of the United Mine Workers today stated that he has ordered 10,000 miners in the Fifth sub-district of Ohio and a part of the Pittsburgh and to remain out until the Tuscarawas district to strike tomorrow at 4 o'clock. Field differences have been settled.

THE GERRYMANDER BILL

Will Not be Enacted During Present Session—May Move Penitentiary.

Columbus, March 17.—As a result of a parliamentary proceeding, instigated for partisan purposes, the Langdon bill codifying the tax commission law enacted last winter, was checked yesterday on its way to passage and recommended to the house committee on taxation. There it was last night officially killed.

Next Monday it will reappear with the name of Representative John Hollinger, of Washington, a Democrat, who will represent the Democratic majority, and it will become a party measure.

The action of yesterday was taken because of the fact that Representative Lawrence K. Langdon, of Warren, the Republican floor leader, whose name appeared upon the bill as the author, was not willing to stand for the amendments placed in the measure by the committee. One of these extended the terms of the present members of the state tax commission to four years and the other restored the Willis tax upon corporation stock to one-tenth of one percent from three-twentieths of one percent.

The Republican leader felt that his name should not be attached to the measure and last Tuesday when it was reported for final passage and made a special order for yesterday, Representative R. S. Tidrick of Carroll, Republican, endeavored to make the point of order that the committee had exceeded its powers. At that time he was ruled out of order. In the interim Speaker J. Vinlog, of Mercer, was consulted with and authorities laid before him.

Thursday when it was essayed to take up the bill he again raised the same point, holding that the bill, being a codification, the committee had no power to add new matter or elude existing matter. Had the point been overruled he would have filed the point as a protest upon the journal and thus laid the foundation for attacking the law in the courts.

Chairman William T. Smith, of the committee, in a brief address, asserted that the point was not well taken, and expressed surprise at the action, as the objecting members had signed the report. Speaker Vinlog announced that he had carefully gone over the question and was re-

FIRE IN AUTOMOBILE STORES.

San Francisco, March 17.—Explosion of fuel oil caused a fire in the middle of a block of automobile stores. Five buildings and their contents were practically destroyed. Loss about \$100,000.

FULTON BILL IS REPORTED TODAY

Columbus, March 17.—Representative W. D. Fulton's bill permitting the city of Newark to take possession of the canal at Newark, between First and Sixth streets, was favorably reported this morning by unanimous vote of the committee on Public Works. This committee headed by Mr. Fulton visited Newark Wednesday evening as guests of the Newark Board of Trade and inspected the canal.

BOLTON TRIAL AT MT. VERNON SET FOR APRIL 11

The trial of Lewis Bolton has been set for Tuesday, April 11, and will occur at Mt. Vernon Bolton's attorneys having secured a change of venue to that city.

Prosecutor Phil B. Saythe and Special Counsel W. H. Miller were in Mt. Vernon Thursday in conference with the Knox county officials and the above date was agreed upon. The case will be heard by Judge E. M. Wickham of Delaware.

A special venire of 26 names was drawn Thursday afternoon and early Friday morning Sheriff Peter J. Parker started serving the subpoenas.

OF THE PRIZE WINNERS

VERNON APPLGATE.

The "Baby Show" was an interesting feature of the recent Library Loan Exhibit. Fifty splendid babies were present. The judges awarded several prizes, beautiful silver spoons. The prize for the healthiest baby was given to Vernon Applegate, the seven-months-old son of Mr. and Mrs. S. H. Applegate, 359 West Main street, Newark.

JAPAN IS OBJECTIVE OF THE ARMY MANEUVERS

Washington, March 17.—Japan, when taken with the Japanese theory regarding the army maneuvers.

Albuquerque, N. M., March 17.—Before leaving Arizona yesterday, Col. Roosevelt made complete preparations to organize a whole division of artillery to fight the Japs if necessary. He admitted that the situation on the coast is serious and told his old rough rider friends that in case of war he would have the president's permission to raise a division in the Southwest. Several former rough riders admit that they have been offered commissions in the event of hostilities.

Paris, March 17.—"Japan must attack the United States before 1915," the date when the Panama Canal is expected to be finished. This war is inevitable and will bring about a general conflagration. This is what Admiral G. C. Fournier told a United Press man today. He had read the Reventlow statement from Berlin and agreed with it in general, while declining to discuss it specifically. Fournier's view of the case is that German would back America, leaving England in a position where she would have to back Japan, and eventually all Europe would be drawn into the affair.

BASEBALL PLANT IS DESTROYED BY FIRE

Washington, March 17.—Fire destroyed the grandstand, club house, and a lot of baseball equipment of the baseball club here and caused \$25,000 damage to an adjoining lumber yard. The loss to the ball club is \$15,000.

At this point Gennaro sprang to his feet in the cage, and, clutching at his heart and gazing at his wife, cried:

"I swear to you that you will atone for this! I am innocent!"

He sank back to his seat, overcome, and burst into tears.

AEROPLANE

Executes War Maneuver Flight at Fort Meyer and is Witnessed by Army Officials.

Washington, March 17.—An aeroplane war maneuver exhibit was made today by Aviator McCurdy in a Curtiss biplane. He scouted along the Potomac river and hung over Ft. Meyer, made swoops and turns to demonstrate his control, and landed within five feet of his starting point. Secretary of War Dickinson, Major General Wood and several staff officers of the army and navy watched the flight.

ROBERT CLEVELAND TAKEN TO MANSFIELD FRIDAY MORNING

Robert Cleveland, who pleaded guilty to the charge of manslaughter in connection with the lynching, and who was sentenced to an indeterminate term in the reformatory, was taken to that institution Friday to enter upon his term of service by Deputy Sheriff Henry Rinehart.

The Teamsters' Union promises over 40 teams and wagons for Clean-up Day, and has generously donated a part of the day's work at the request of the Board of Trade.

General observance of Clean-up Day, March 29, means thousands of dollars saved to Newark people in bills attendant upon sickness. Let every citizen do his or her part. Let's make Newark clean.

Wednesday, March 29, 1911, will be "Clean-up" day in Newark. Every citizen is requested to have his cellar, attic, back yard and alley cleaned thoroughly before the 29th. Place the rubbish upon the street in front of your property (store or residence) on March 28, and it will be carted away next day.

GOLD DUST

Knocks Out Dirt

Dirt is the cause of nine-tenths of your household labors—it more than doubles your duties. Mere soap and ordinary cleaners are powerless to rout it. **Gold Dust** is the one powder that will knock dirt "sky-high" in a jiffy. It is a vegetable-oil soap blended with purifying materials and cleansing ingredients, making a fine, smooth powder that vigorously and thoroughly and quickly cleanses without taxing your strength or time.

Use **Gold Dust** for cleaning anything and everything about the house that soap or any other cleanser is recommended for. It will do the work better, in half the time, and with half the labor.

The home without **Gold Dust** in the working kit is incomplete. Buy a package today, and see how much easier it makes your work.

Use **Gold Dust** for washing clothes and dishes, scrubbing floors, cleaning woodwork, oil-cloth, silverware and tinware, polishing brasswork, cleaning bathroom pipes, refrigerators, etc., softening hard water and making the finest soft soap.

Do not use Soap, Naphtha, Borax, Soda, Ammonia, or Kerosene with **Gold Dust**. **Gold Dust** has all desirable cleansing qualities in a perfectly harmless and lasting form. The **Gold Dust** Twins need no outside help.

PETITION IS PRESENTED TO THE TRUSTEES

The following communication was presented to the trustees of the Soldiers' and Sailors' Memorial building at their special meeting last night, and after some discussion concerning the board's assets and resources it was laid over for further consideration:

To the Trustees of the Soldiers' and Sailors' Memorial Building, Newark, N. J.:
The undersigned trustees of Newark township would respectfully represent to you, that the outstanding bonds for the construction of the building under your charge amount to \$21,500, plus the interest at five per cent that will accrue from year to year, and that \$5,500 of these bonds, plus \$1,075 interest will fall due at three different dates during the current year, 1911. We have sufficient memorial funds in our treasury to meet the obligations of this year, but we wish to submit to you the proposition that the remaining bonds for \$16,000, with the interest accruing on them from year to year should be paid, as these bonds fall due, from the rentals and proceeds of the building. We consider this proposition a fair and reasonable one, and we feel that a favorable response to it on your part would be but simple justice to Newark township.

Bonds to the amount of \$15,000, plus the interest on \$16,000, making a total of \$18,000, will fall due at two different dates during the year 1911, and that we may be prepared to meet these obligations without making a levy the present year, we do most respectfully request you to cover into our township treasury the above named sum of \$18,000 from the \$5,000 now in your treasury.

It is true that this sum would only require a levy of about two-tenths of a mill on the taxable property of Newark township, but if the proposed law limiting the total tax levy to ten mills on the dollar should be passed by the Legislature, as seems highly probable, we doubt very much whether we will have a chance to make even this small levy.

Bonds to the amount of \$3,500 plus one year's interest on \$12,500 will fall due in the year 1912, so that you will be asked next year, if your funds at that time should be sufficient to cover the sum of \$4,125 into the township treasury; but in the year 1914 and in each of the eight succeeding years, the township will only have to meet a bond for \$1,000 plus the interest on a few outstanding bonds; and in the year 1922, when the last bond falls due the sum of \$1,000 will discharge all the obligations of the township for the Memorial building.

Wherefore we feel that we are not trying to lay a heavy burden and one grievous to be borne on your shoulders,

The Last Tribute

Abraham Lincoln in his Gettysburg address made immortal the men who fell. He paid an everlasting tribute to their memory. And You, you have Someone, passed now into Eternal Rest, whose memory you wish to perpetuate. But you will resort to other means than did Abraham Lincoln to do this. Perhaps you are considering the placing of a Memorial at the last Resting Place of a Loved One. If you are, you must in justice to this Sacred Memory select with the greatest care, the design, the material and the workmanship of this memorial.

There is beauty, durability and economy in every Memorial erected by us. We guarantee satisfaction.

On June 1, 1911, the Newark Monument Company moves into its new location in the building now being erected just across the East Main street bridge. On account of the risk in handling we wish to sell and erect before that time, all of our present stock of memorials. TO INSURE THEIR DISPOSAL, WE PROPOSE TO SELL THEM AT ABSOLUTE COST.

Your inspection of this work will be appreciated.

SOUTH SIDE SERVICES

The Mission services and Sunday school of Franklin addition are progressing nicely, under the pastorate of Rev. G. E. Conant and a small band of noble Christian women. The services on Sunday evenings are well attended, cottage prayer meetings have been introduced, thus taking the gospel into homes where the occupants are "shut in" by illness or inability to otherwise hear the word.

Rev. Mr. Conant by his Christian and gentlemanly bearing has endeared himself to the people of this and of the city. He receives no stated salary, the services and his labor are kept up by the free offerings of the people. This we understand to be the rule of the

Free Methodists, to which Rev. Conant belongs. He is ever ready to respond to a call from those of other creeds than his own. To illustrate a faithful member, and Sunday school teacher of Trinity Episcopal church, who has been confined to the house for the last seven weeks past from sickness, has been greatly cheered and comforted by his weekly visits, otherwise this person would have been without spiritual consolation. Mr. Conant believes in the old saying of holy writ, "Inasmuch as ye have done it unto the least of these, my brethren, ye have done it unto Me."

CITY INSTITUTE

The next City Institute will be held at the High School building on Friday, March 24.

Dr. M. V. O'Shea of the University of Wisconsin is to be one of the principal speakers. He is a leading author, investigator, lecturer and educator. The program will be published later.

IVY

(By Betty Gray.)

When the birds of the valley are in bloom dear

Look for me beneath the garden gate
There by the little window of your room dear

Which first led me to love's golden fate.

Many are the short but pleasant hours
That we spent there in close embrace.

Where ivy branches formed such cozy bowers.

I often kissed your dear, sweet, happy face.

But when I see the ivy creeping
Over your grave mid roses fair,

For you my heart dear, still is weeping
And would that I'd be with you there.

On earth you were not long my own dear.

When death took you so quickly from my side.

And while you see the heavenly throne, dear.

I pray that soon I'll join my angel bride.

Newark, O., March 17, 1911.

HANKINSON-JONES.

One of the prettiest home weddings of the season was solemnized last Wednesday evening at the home of Mr. and Mrs. Thomas Jones of the Welsh Hills, when their eldest daughter, Mildred Bernice, was united in marriage to Mr. Archie Hankinson, north of Granville. Only the immediate families of the contracting parties and a few invited guests being present.

Promptly at eight o'clock, the bride and groom, unattended, entered the parlor and took their places under an arch of green and white, where Rev. Bunyan Spencer of Granville performed the ceremony. The color scheme of green and white was effectively carried out throughout the house.

The bride was charmingly gowned in white batiste and carried a lovely bouquet of bride's roses. Immediately after the ceremony the guests repaired to the dining room where a delicious three course dinner was served. The bride's table was beautiful with its decorations of green and white, ropes of smilax reaching from the center to the ends of the table. The favors were narcissus.

Seated at the bride's table were Mr. and Mrs. Archie Hankinson, Mr. and Mrs. Thomas Jones, Mrs. William Hankinson, Rev. Bunyan Spencer, Misses Grace Evans, Blanche Hankinson, Ruby Tyler, Messrs. Albert Hankinson, Hubert and Harold Jones.

By Mr. and Mrs. Hankinson are deservedly popular among a large circle of friends who join in extending hearty congratulations.

Those present were Mr. and Mrs. Thomas Jones and children Grace and Eugene, Mr. and Mrs. Hayes Hankinson and children Wilbur and Lucy, Mr. and Mrs. S. J. Spivey and daughters Adeline and Thelma, Mr. and Mrs. Phil Phillips, Mr. and Mrs. Oscar Osborne and son Harold, Mrs. William Hankinson, Misses Gertrude, Griffith, Ruby Tyler, Blanche Hankinson, Miss Jones and Mr. Albert Hankinson.

Something New In Kitchen Ware

The "1892" Pure Spun Aluminum Ware is rapidly coming into use for cooking purposes. It is taking the place of silver and enamel ware because while its first cost is a trifle more than ordinary ware, it is really much cheaper in the long run, as it is guaranteed for twenty years and will last practically a life time.

The genuine "1892" Ware made only from pure SPUN (not cast) Aluminum, is not cracked, scale, peel, break, scorch or burn.

It looks like silver, but weighs only about one-quarter as much, is easily cleaned and handled, and will not rust, corrode or become discolored by time and doctor's bills.

Be sure to get the "1892" Ware made only from pure SPUN (not cast) Aluminum, is not cracked, scale, peel, break, scorch or burn.

BOARD OF TRADE

difference would be at seven per cent approximately \$21,000. Now would it pay the city to make improvements along certain lines suggested, which would be a condition precedent to save this amount the people pay in premiums on insurance?

The water works in all right but Mr. Fravel had suggested that there should be an auto truck in all fire departments in the city, which would be more economical and more efficient than horses; the fire alarm system should be overhauled and more boxes installed, as 65 per cent of fire alarms in Newark now come in by telephone; the ladder truck should be replaced so that one man could raise ladders to the second and third floors of buildings; some ordinances should be passed by the city council regulating and extending the fire limits from First to Sixth streets, between Locust street and the railroad; regulating more rigidly the operation of moving picture shows, storing and selling gasoline, and the use of natural gas stoves. Then the city could be in a position to ask for this reduction in rates with authority, and the Board of Trade should co-operate to secure this much to be desired result.

"MADE IN NEWARK"

Chairman W. F. Minor of the Made in Newark Exposition Committee, made the following report.

Your committee held its second meeting Monday evening, March 13, 1911. Although developments are necessarily slow, progress was reported. We have been corresponding with parties who have been connected with industrial expositions in other cities, in the endeavor to learn what benefits have been derived; what plans have been followed, and how such plans have been financed. While we have gathered but little information from our correspondence up to date, we might tabulate the benefits as follows:

1. A greater interest throughout Newark and Licking county in products sold in and manufactured in Newark.

2. Benefits derived through the extended advertising which would be necessary to make an affair of this kind successful.

3. A greater interest on the part of the citizens of Newark in the local Board of Trade, thereby gaining their confidence in other undertakings still to come.

The following plans for holding such an exposition have been suggested:

1. Taking some suitable street or streets, erecting booths for the displays of the manufacturers and merchants and giving concessions in the way of amusements from which an income would be derived. The possibility of covering the street so the exposition would be, to a certain extent, successful if rainy weather was encountered.

2. Obtaining from local merchants the right to use part of their window space, facing on business thoroughfares, and in this space the manufacturers could make their displays. In such a case one-half of the window space only would be loaned to the manufacturer, the other one-half being used by the merchant.

As you will see later in this report this method has been employed successfully in one or two cases.

3. A combination of the first and second propositions, namely, having the exposition so arranged on the Public Square that the booths for the exhibit of manufactures would face the store fronts, leaving a space of some 20 or 30 feet between the face of the booth and the store front. The booths could be used by local manufacturers for displaying the products manufactured in Newark, while the merchants could use their show windows for displaying to advantage their wares.

To make such a plan successful, however, it would have to have the financial support of the local merchants. An affair of this kind would draw large crowds who would be passing continually the merchants' show windows and would be attracted by their display, and this should be decidedly beneficial to the retail merchants.

4. If a building of sufficient size could be found, have the exhibits arranged in the building, under cover, and have the amusement concessions at some suitable location outside of the building.

While other plans have been and can be suggested, the plans outlined above have been most favorably considered by your committee.

In outlining these different possibilities we have not endeavored to arrange them in order of their importance.

Another suggestion has been made which is worthy of consideration, and that is that instead of making this purely a local affair, we open the exhibit to manufacturers, merchants and farmers throughout Licking county.

In connection with the above possibilities, we wish to quote as follows from a letter received from Janesville, Wis., where they had a "Made in Janesville" week:

"The plan we worked under in Janesville was to solicit for a certain week in September, which we thought would be a convenient one to attract the farmers to town. In most cases we asked a retailer who had good windows to give us one or half of his space and retain the rest for himself. This appealed to most of them as a good plan, because it attracted people to their windows, and at the same time gave them an opportunity to advertise their own wares in these windows. Windows were then assigned to manufacturers. Each manufacturer arranged the exhibit of his own goods in the window assigned to him to suit himself. It was quite hard to adjust the assignment of windows, as all of the manufacturers wanted large windows and we had more exhibits than windows anyway."

"It was our plan to have a retail window display products entirely for

RHEUMATIC PAINS IN BACK AND HIPS

May Cause Groundless Fear of Kidney Trouble.

Not every pain in the back indicates kidney trouble. Before getting unduly alarmed try a good remedy for rheumatism or lumbago, such as Dr. Williams' Pink Pills, and see if the symptoms do not disappear.

The value of Dr. Williams' Pink Pills in the treatment of rheumatism lies in their direct response to the needs of the blood. That they do this well is shown by the gradual disappearance of the symptoms and the return of color and health. They lay the foundation for permanent health in the future.

Mrs. Andrew Gregory, of K. F. D. No. 2, Concord, Michigan, who was cured by this treatment, says: "I suffered from rheumatism for a year and think it was brought on by a run down condition caused by overwork. The muscles in my arms and legs were awfully sore and lame, and I was so crippled that I couldn't move about much. For a time I couldn't feel or help myself and suffered from pains in my back over the kidneys and in my hips. My stomach was too weak to retain food, was filled with gas and pained me a great deal. At times my heart was weak and gave me much pain. My complexion was yellow and I was weak and discouraged. I was sick in bed for three months."

"The doctor said they could not help me and finally I stopped taking their medicine. A friend who was calling on me one day asked me why I didn't try Dr. Williams' Pink Pills. I sent to the drug store and bought a box. I soon began to have color, and people were asking me what I was taking. I took the pills until cured and have since recommended them to many others."

Dr. Williams' Pink Pills have also cured anemia, chlorosis, general debility, after-effects of the grip and fevers and should be given a trial wherever a tonic for the blood and nerves is needed.

Dr. Williams' Pink Pills are always the same and are sold only in packages bearing the well-known trademark.

The genuine are sold by all druggists or will be sent by mail, postpaid, on receipt of price, 50 cents per box, six boxes for \$2.50, by Dr. Williams' Medicine Co., Schenectady, N. Y. A valuable booklet, "Diseases of the Blood," containing fuller information will be sent free upon request.

elign to the retailer's business. For

instance, the largest dry goods store in town displayed the line of agricultural implements made by the Janesville Machine Company. The largest clothing store displayed the bottled goods of a local brewer, which, by the way, made about the finest exhibit of them all. A hardware store displayed furniture, and a jewelry store displayed, groceries, etc. This

arrangement was especially favored by anybody to be especially favored by their surroundings, and attracted considerable attention on account of the sheer novelty of seeing such unusual exhibits in windows that had always been given over to other stuff.

"The manufacturers bore the expense of placing their own exhibits, so that there was very little expense to the clubs. Several of them had attendants at the exhibits who sold goods and took orders. We decided to have all the exhibits carefully explained by large cards, and in each window we had one of the cards of the Industrial and Commercial Club, showing that the exhibitor was a member of that club."

"We advertised the exhibit quite extensively in newspapers in the surrounding towns, describing it as attractively as possible, and calling attention to some of the things to be shown. We hired a band and had it riding up and down the place, during the afternoon and evening. We had excellent weather and brought out one of the biggest crowds in Janesville. Everybody pronounced it a big success. Some of the products were surprises even to the directors of the club. It is wonderful how many things you can unearth when you set out to make an exhibit of this kind. Most of the manufacturers felt that the advertising they had fully justified the trouble and expense. Several of them made sales which they could trace directly to this exhibit, and sales of quite unusual articles. For instance, I know of one order that was given for a \$1200 punch, because of an exhibit which the manufacturer made showing the bearings which he used in making his machine. Lots of Calumet Fireless Cookers and Hugh Porch Shades and things of that kind were sold."

There is also being held at Grand

Under the auspices of the Cedar Rapids Ad Club, a local manufacturer's show will be held the week of March 13 to 18. Instead of having the displays in an auditorium, they will be shown in the display windows of the retail merchants, who have agreed to give over their windows for the week. The Ad Club sells the space to the manufacturers at 50 cents per foot.

There are over 200 manufacturers, and they were rounded up at a dinner at the Commercial Club, when the plan was explained. Those who cannot get their displays in windows will be given space on the streets, permission having been granted by the city council.

In regard to the financial side of the question, we are not able at this writing to give a report, as we have not gathered much information relative to this phase of the question, but this will be carefully investigated.

Income, however, could be derived from the following sources, depending on which one of the propositions is finally adopted:

Rental of booths to the manufacturers and merchants, the possibility of charging admission to certain sections of the exposition, and the income from amusement concessions, etc.

We expect to have, within the next few meetings, a better idea as to the relative cost of the different possibilities and the income to be derived therefrom.

If an exposition is decided upon, it is going to be too big an affair for any small committee to handle, but it must have enthusiastic support and each and every member of the Board of Trade will have to lend his assistance. Failure in an undertaking of this kind would bring little credit to the Board of Trade and the city; therefore, if we are going into this undertaking, we want to go into it right and make the affair a huge success, which it is sure to be if it meets with the enthusiastic support of the Board of Trade, and in that case it would bring great credit to the city of Newark and to the Newark Board of Trade.

Attorney Charles W. Miller spoke of the benefits of a good baseball team for Newark and read the following:

CONTRACT.

This contract entered into this 16th day of March, A. D. 1911, between The Ohio State League of Baseball Clubs, as party of the first part, and The Board of Trade of Newark, Ohio, party of the second part, witnesseth:

Whereas, One H. A. Kiene has purchased the franchise of The Newark, Ohio, Baseball Club in The Ohio State League, and contemplates the installation of a club at Newark, Ohio, and

Whereas, it is contemplated by The Board of Trade of Newark, Ohio, to aid and assist the said H. A. Kiene in the installation of said club in this manner, to-wit: The sale of books of tickets, which said books shall contain twenty (20) tickets, which books are to be sold for \$5.00 (Five Dollars) per each book, tickets good at all regular scheduled league games during the season; and

Whereas, The said Board of Trade of Newark, Ohio, desires to protect the purchasers of said tickets in that said tickets so sold by the Board of Trade will be taken by said H. A. Kiene, his successors or assigns for admission to the regular league games of said club during the season of 1911;

Now, therefore, in consideration of the sale of said books by said Board of Trade and other assistance given said Ohio State League in the promotion of said club, the said The Ohio State League does hereby assure and guarantee to the said Board of Trade, as trustees for the purchasers of said books of tickets, that said tickets will be accepted by the owner, manager or operator of the said The Newark Baseball Club, for admission for the regular league games of said club during said season of 1911. And should said Newark Baseball Club disband or remove for any reason or cause whatsoever from Newark, Ohio, or do anything to render the use of said tickets so sold impossible, then the said The Ohio State League will refund to the purchasers of said tickets a sum equal to the amount of tickets they hold unused at the time of the disbandment or removal as aforesaid.

In consideration of the said above covenants and agreements, the Board of Trade of Newark, Ohio, does hereby agree to use its best efforts to dispose of as many books of tickets as possible, and to pay to H. A. Kiene, or his successor or assigns, fifty per cent of the total amount realized from the ticket sales on the first playing day of the regular league games, and twenty-five per cent in thirty days from the first payment, and the balance in sixty days from said first payment.

That should all of said tickets so sold be redeemed at gate prior to said sixty days from the first playing day, then the said Board of Trade to turn over all of said money to said H. A. Kiene, who is satisfied that all of said tickets have been redeemed.

In witness whereof, we have hereunto set our hands this 16th day of March, A. D. 1911.

Of Officials and Trainmen of Queen & Crescent May Mean Ending of Strike.

Somerset, Ky., March 17.—Three hundred engineers, brakemen and conductors of the Queen & Crescent were today gathered to Oakdale Tenn., at the company's expense.

Hottel, vice president of the Firemen's Union, is also reported to be in Oakdale, and a number of road officials are either there or on the way. It is believed this may mean a speedy ending of the firemen's strike. The coal famine here has been slightly relieved by the opening of surface mines just outside of town.

Have Beautiful Hair; Dry Shampoo Method.

The beauty editors of many of the prominent ladies' journals are advocating the use of the dry shampoo in preference to any and all methods for beautifying the hair. It is claimed that this method is superior to washing the hair and brutes a clean, lustrous, wavy head of hair in a short time. No matter how dull and lifeless the hair, the following dry shampoo will soon work wonders if regularly used. With a ounce of powdered orange root mix 2 ounces of artemisia (Sage) powder. Keep in a tin, jar or box and at night apply a tablespoonful distributing it through the hair with the fingers. In the morning use comb and brush to remove and a excess oil will be removed. Men and women both use it with the utmost satisfaction. Obtain the ingredients of dry will stock drugists.

Ludlow Chrysler, of No. 145 Broadway, following the arrest of the cashier and his assistant.

Charles W. Caccia, of No. 75 Hemlock street, Brooklyn, cashier of the company, was arrested in front of No. 45 Cedar street, near the office of the United States Fidelity and Guaranty Company, on the charge of the forgery of Mrs. Seaman's name to a check for \$550 on the People's National Bank of Brooklyn and the appropriation of the money to his own use.

Stanley Gleinik, of No. 1 Woodland avenue, Woodhaven, L. I., the assistant cashier, was arrested at police headquarters on a charge of being an accessory. Both men have been in the employ of the company for six or seven years.

Mrs. Seaman inherited her interest in the American Steel Barrel Company from her husband, the late Robert Seaman. He died in March, 1901.

ABLE ARTICLE BY REV. O'BOYLAN

The March number of the "Knight of St. John," the official paper of the Knights of St. John, contains two able articles from the pen of the Rev. Father B. M. O'Boylan, pastor of St. Francis de Sales church of this city. The first article is on "The Dignity of Authority," while the other is headed, "Some Thoughts on Temperance Reformers." The leading article, which occupies a prominent place on the first page of the paper, is an exceedingly well written treatise on lawful authority and the dignity which surrounds authority. In

the other article Rev. Father O'Boylan shows very cleverly that the great mistake of reformers in eating and drinking, in philanthropy and altruism, etc., lies in the fact that they try to reform by wrong means; that instead of reforming the man they begin by cutting away the planks of the platform on which society has been standing and the man falls with the platform. This, in a nutshell, is the substance of Father O'Boylan's discussion on this most important subject. Both articles are exceedingly interesting and contain much food for reflection. Father O'Boylan is one of the ablest writers on religious subjects in Ohio, and his communications are always in demand.

Saying "Yes."

A TRAVELER from Japan commenting upon the many admirable qualities of these wonderful people of the East, spoke about their readiness to undertake the new and untried. He said that almost their invariable answer if asked if they could do a certain thing was a smiling and obliging, "Yes." Sometimes, they had done it and knew therefore that they could do it. But if they had never before undertaken it, they were just as willing to try. The traveler ascribed much of the wonderful progress this country is making to this almost national mental attitude of its people. Evidently, the word, "Can't" isn't in the Japanese vocabulary.

There is a thought in this for almost every one. It is not meant that this should apply to the big things of life, that one should undertake some great work he knows he is not fitted to do. It was an observation of the everyday life of the ordinary people, usually of those who wanted work. But it was almost a universal characteristic of these plain, everyday Japanese, and as these constitute the masses, it became as has been said, almost a national characteristic. And it means getting on.

For this willingness to take whatever work comes to hand does mean getting on. It puts one into the going-forward current of things. One moves; he doesn't stand still. It means a broadening of opportunities and a widening of the outlook on life. And all these things are helpful. They lead, no one may know whither, but forward.

It is a well known fact, now, among psychologists that we all have reserve powers of which we know little. We show them in emergencies when we do things which at other times we would deem impossible. The Japanese evidently have faith in this reserve. They believe that in themselves is the ability to do the thing proposed, though they may never have done it before. So they smilingly say, "Yes," and go to work. And they almost invariably accomplish what they set out to do.

But the Japanese have no copyright on this method, and those of us given to hesitating, to doubting, to saying, "I can't," would do well to put all this behind them, take up the Japanese smiling "Yes," and get into the field of accomplishment. Their reserve power will come to their aid. It is there ready to spring into action as soon as the word is given. And this word is "Yes."

Try it the next time a proposition is put up to you that you feel inclined to turn down. Even if you fail, you will be no worse off than if you hadn't tried, and you will learn a lot in trying that will be of use to you somewhere, sometime. And the probability is that you will succeed. Every one likes to help the one who is trying to help himself. The very effort surrounds him immediately with an atmosphere of good. The Japanese with his smiling "Yes" wins favor at once. And so will any one with this "Yes" in his character.

How She Keeps Her Baby Healthy—Test Free

An easy way for any mother to raise sturdy children

So far back as the memory of man goes every mother has had her own peculiar ideas about how to keep her children healthy. But women are getting to agree on the main point more and more, and that is that it is of first importance to keep the little one's bowels open.

From the bowels comes health or sickness. Unless a child is born diseased it can be kept healthy, and made to grow to vigorous maturity, if the bowels are kept free and pure in infancy and childhood. It is the main point for the mother to look after. The amount of rooming and playing a child does keeps its bowels moving naturally, but there comes a time when they overeat or eat something that does not agree, and then a laxative is absolutely necessary.

Don't wait until matters get worse—give a laxative at once. What laxative are you going to give? Steadfast fruit and things of that kind? No, not when the child is really constipated. Give a scientific laxative, a formula based on forty years of experience. Such a laxative is Dr. Caldwell's Syrup Pepsin. Such thousands of mothers are already giving in these emergencies. It is free sample free—write him. Dr. Caldwell, 541 Caldwell building, Whiting of Lena, Wis., Mrs. Chas. H. Monticello, Ill.

The Thursday Afternoon Bridge club is being entertained this afternoon at the home of Mrs. A. R. Pitzer in Hudson avenue.

Mrs. John Leidigh was hostess to the members of the Tuesday Afternoon Sewing club at her Hudson avenue home on Thursday afternoon. The members and a number of guests brought their sewing bags and following the hour spent in needlework a delicious luncheon was served.

The guests were Mrs. J. A. Mitchell, Mrs. T. A. Cosgrove, Mrs. McKay, Mrs. Speer, Mrs. Chandler, Tucker, Mrs. William Miller, Mrs. Edward Miller, Mrs. O. S. Gilbert, Miss Mary Miller and Miss Anna Orr.

The St. Patrick's Day party given on Thursday evening by Mr. and Mrs. B. B. Jones at their home in Hudson avenue was a most delightful affair. In keeping with the custom of time immemorial green was the predominant note in all the decorations. Every place was filled with tiny pots of shamrocks and Irish pennants adorned the walls. The game of the evening was progressive euchre and the souvenirs were given to Mrs. Clifford Sturgeon and Mr. W. H. Mazy.

A dinner of several courses was served at the small card tables at the conclusion of the game and the dinner favors were small silk Irish flags.

The guests were: Messrs. and Mesdames A. B. Schauweker, W. H. Mazy, Frank Elliott, Frank Beggs, Walter Ferguson, John Braddock, O. C. Parrill, U. K. Essington, C. L. Sturgeon, C. H. Hermann, T. M. Mr. and Mrs. Karl Schultz moved from this city Wednesday to their beautiful new home five miles east of Newark on the interurban line.

About fifty of the friends and neighbors of Mrs. E. E. Varner invaded her home on Madison avenue evening, the occasion being her 54th birthday anniversary. The crowd met at the home of Mrs. Kennons on W ng street, then marched to her home. She was greeted by old and young with a number of useful presents. Among the guests were: The Madams Addie Warman, Lizzie Dove, Lulu McCann, Blanche Dutcher, Maggie Loughman, Martha Van Winkle, S. S. Bonham, Kate Smith, Nellie Hupp, Martha Rouse, Vera Hayden, S. Kennon, Harry McCann, Harold Rouse, Lester Varner, Delbert Varner, Charles Fink, Wilbur Warman, Daniel Hupp, Gilbert Dove, Clyde and Paul Smith. A delicious luncheon was served about 10 o'clock. After which a picture was taken by flash light by Dana P. Varner. All returned to their homes after joining in wishing Mrs. Varner many more happy birthdays.

Mr. and Mrs. Bernard J. Simpson entertained with a very pretty evening party on Thursday the event being in the nature of a farewell party as Mr. and Mrs. Simpson leave soon to make their home in Charleston, W. Va. Progressive pedro was the game and the souvenirs were awarded to Mrs. George Nichols and Mrs. C. B. Keller, while the consolation souvenir went to Mrs. C. B. Keller.

A dainty repast was served the following: Messrs. and Mesdames C. B. Keller, M. E. Eveland, S. D. Johnson, Frank Snider, George Nichols, C. V. Keller, Miss Ana Vietmier, Miss Justine Vietmier and Miss Marie Eveland.

One of the prettiest of the celebrations given on the eve of St. Patrick's Day was the evening party given by Mrs. John Zentmeyer at her home in West Locust street on Thursday. Each of the rooms was festooned with streamers of green extending from the chandeliers to the four corners of the room and these streamers were filled with the Irish flag. The mantle was banked with flags and shamrock.

Dinner was served at six-thirty to a number of guests and the evening was in harmony with the idea of the holiday. The favors were miniature pipes and Irish hats and shamrocks. Following the dinner progressive games were played and the souvenirs were received by Mrs. Lyle Green and Mrs. J. L. Atkins. The first prize was a basket filled with ferns and tied with green ribbon while the second was a hat purporting to be from Erin.

A number of guests enjoyed Mrs. Zentmeyer's hospitality.

The Ladies' Division club was entertained on Thursday afternoon at the home of Mrs. J. H. Sharritt in North Fourth street. The progressive pedro game concluded with souvenirs being awarded to Mrs. Nelson Vanatta and Mrs. J. B. Burch. Several pretty solos were given by Miss Fern Wells of Indiana and Miss Marie Gamerdiner.

The guests were Mesdames Geo. Glaesinger, S. K. Johnson, Guy Huffman, W. L. Jackson, J. B. Burch, J.

P. Lamb, F. D. Downey, Ben Balser, J. W. Gamerdiner, Nelson Vanatta, Edwin Kelley, Edward Nutter, C. C. Newman, J. J. Downey, Miss Marie Gamerdiner, Mrs. Chloce Sharritt and Miss Fern Wells of Indiana.

The next meeting will be in two weeks at the home of Mrs. J. W. Gamerdiner in Maple avenue.

One of the most enjoyable events of the week was the surprise perpetrated on Mrs. W. S. Speer at her home in Cambria street on Thursday evening. About sixty of the friends and neighbors assembled and each guest was masked and costumed in grotesque attire. The evening at the Speer home was spent in dancing and card playing, a string orchestra furnishing music.

A supper of several courses was served during the evening to the following: Messrs. and Mesdames Fred Hatendorf, David Jones, Thomas Coke, Jack Bell, Jr., Church, James Bradford, Rollie Ryan, L. Coghlin, William Brooks, Mesdames Frank Atwood, Mary Styles, Eva Jones, Al Bailey, John Bell, Jack Uffner, Drumm, Louis Heaton, Chris Hanlin, O. B. Scott, Lewis Hoch, Misses Nettie Kemp, Ada Rector, Bernice Heaton, Ruth Bailey, Mary McKeever, Ura Rector, Irene Coke, Anabelle Uffner, Anna Herald, Mary Bell, Lulu Rector, Mable Bradford, Helen Brooks, Gladys Coghlin, Mary Lamp. Messrs. Nelson Anderson, Edwin Heaton, Ted Devlin, Fred Cole, Geo. Hatendorf, Charles Jones, Franklin Bell, Clyde Brooks, Vale Bradford, and Fred Swank.

WOODWARD—COOK.

The wedding of Mr. Harry E. Woodward and Miss Goldie E. Cook was solemnized on Thursday evening at 8:30 o'clock at the East Main street parsonage, the pastor, Rev. Charles Laughlin reading the marriage ceremony. The young people was unaccompanied and following the wedding service a family dinner was served at the bride's home in Penney avenue.

Mr. and Mrs. Woodward will remain at the bride's home for the present. Mrs. Woodward was formerly employed by the Holophone company, while Mr. Woodward is a clerk in the B. and O. offices.

HAPPY, HAPPY. USE TIZ

A Marvel For Sore Feet. Acts Right Off.

Sore Feet? Never After Using TIZ—Good-bye sore feet; aching feet, swollen feet, sweaty feet, smelling feet, tired feet.

Good-bye corns, callouses and bunions and raw spots. You've never tried anything like TIZ before for your feet. It is different from anything ever before sold.

It acts at once and makes the feet remarkably fresh and sore-proof. TIZ is not a powder. Powders and other foot remedies clog up the pores. TIZ draws out all poisonous exudations which bring on soreness of the feet, and is the only remedy that does. TIZ cleans out every pore and glorifies the feet—your feet.

You'll never limp again or draw up your face in pain, and you'll forget about your corns, bunions and callouses. You'll feel like a new person. If you don't find all this true after trying a box of TIZ, you can get your money right back.

TIZ is for sale at all druggists at 25 cents per box, or it will be sent you direct if you wish from Walter Luther Dodge & Co., Dodge Bldg., Chicago Ill.

INTEREST IS CONTINUED IN THE OHIO TRAIN

Postoria, March 17.—Interest in the agricultural train remains unabated. Capacity crowds, showing a cordial, intelligent interest, packed the train at every stop and seemed loath to leave. The resolve to remain in Ohio and adopt intensive farming measures is broadening and strengthening. The chief demand is for farm labor.

induced me to give it a trial. Almost immediately I began to feel a change for the better. I am working harder to-day than ever before and feel as I did twenty years ago. Nothing in the world but Duffy's Pure Malt Whiskey brought about my present condition, and I am never without a bottle of this wonderful stimulant in my room. It is my only medicine." H. Chester Freeman, 224 South Clark St., Chicago, Ill.

Duffy's Pure Malt Whiskey

is one of the greatest strength builders and tonic stimulants known to science. Its palatability and freedom from injurious substances render it so that it can be retained by the most sensitive stomach. Overworked men, delicate women and sickly children will find in it the health and strengthening properties that are so necessary to them. It strengthens and sustains the system; is a promoter of health and longevity; makes the old feel young and keeps the young strong and vigorous. It is prescribed by physicians and recognized as a family medicine everywhere. You should have it in your home. It will do you good.

If in need of advice, write Medical Department, The Duffy Malt Whiskey Co., Rochester, N. Y., stating your case fully. Our doctors will send you advice free, together with a valuable illustrated medical booklet, containing rare common sense rules for health which you cannot afford to be without, and some of the many thousands of gratifying letters from men and women in all walks of life, both old and young, who have been cured and benefited. Sold in SEALED BOTTLES ONLY by druggists, grocers and dealers or direct, \$1.00 per large bottle.

After Mr. H. C. Freeman had
become an absolute physical
wreck from years of hard
work, he was completely re-
stored to health and strength
by Duffy's Pure Malt Whis-
key, the grand old family
medicine.

He writes: "I honestly believe
I owe my life to the use of Duffy's
Pure Malt Whiskey. After 31
years of hard work as book-keeper
and expert accountant, I suffered
a complete physical breakdown and
was compelled to give up my work
entirely. I tried numerous so-called
remedies, but instead of improving,
my condition grew steadily worse.
A hard, dry cough and frequent
night sweats were gradually sap-
ping what little vitality I had left.
A friend brought me a bottle of
Duffy's Pure Malt Whiskey and

induced me to give it a trial. Almost immediately I began to feel a change for the better. I am working harder to-day than ever before and feel as I did twenty years ago. MINSTRELS OF THE SONS OF VETERANS A GRAND SUCCESS

One of the most original and up-
to-date minstrel shows ever staged
in Newark was that given in G. A.
R. hall Thursday night by the Sons
of Veterans minstrels of this city.
The entertainment was under the
supervision of Mr. F. O. Spaulding,
of the Holophane company, which,
in itself was a guarantee of its ex-
cellence. Mr. Spaulding had those
who took part in the entertainment
in training for a long time, and many
rehearsals were held before sufficient
efficiency was attained to satisfy him
that the performers were all that
they should be.

When the curtain rose Thursday
night every chair in the commodious
hall was occupied and the very air
seemed filled with expectancy of the
good things to come.

While the entire entertainment
was of a character calculated to
please all, still the first part seemed
to please the audience better than
anything else, perhaps because of the
mirth provoking hits and puns that
were indulged in, and which had the
effect of keeping the audience in
good humor.

Mr. Spaulding acted as interloper
and, attired in his dress suit, he
made the announcements in a man-
ner that would have done credit to
the "middle" man of Al Field's min-
strels.

After the opening military over-
ture, "Memories of '61," by Prof. G.
J. Friel, which was exceedingly fine,
the grand opening chorus was given
by the entire company, which sat-
isfied all that the company was com-
posed of more than usual talent.

Following this Mr. D. Evans sang
"Trans Mag Nii I Can Ban Dam U
Ality," which captured the audience.
Mr. P. Roth, in "If I Had a Thou-
sand Lives to Live," created a furore
and excited an enthusiastic encore.

"Just Keep On Loving 'Till I Tell
You to Stop," was rendered in fine
style by Frank Johns, and put him
in a class all by himself.
"It Makes Me Think of Home,
Sweet Home," by Earl Pritchett, was
rendered most beautifully and
brought tears to the eyes of many.

John Wise got off "That Loving
Trauerer" in a manner that pleased
all, while "The Sentinel Asleep," by
Bert Spitzer, was rendered most
beautifully.

An original parody, "Any Little
Girl That's a Nice Little Girl," by C.
A. Kern, brought down the house
and was loudly applauded.

"Let Me Down Easy," a song and
dance by Emil Landenschlager, was
one of the best numbers of the even-
ing and was much enjoyed.

John Everetts, who is possessed of
a fine voice, sang most effectively, "I
Have No Other Sweethearts But
You."

"Silver Threads Among the
Gold," by John Everetts and the
quartet called for enthusiastic ap-
plause on the part of the audience.
as did the grand closing chorus of
the first part by the company.

The second part of the entertain-
ment afforded those taking part in
it to display their ability as actors,
and it is no more than fair to say
that all were good. "The Colored
Parson and the Dice Game," was
perhaps the most amusing feature of
this part of the program, although
all the other features were fine, the
whole concluding with the grand
finale tableaux, "The Star Spangled
Banner."

Mr. Spaulding, who so efficiently
managed the entertainment, demon-
strated most effectively that he is
possessed of rare ability not only as
an organizer but in the parts in
which he took in the entertainment.

How to have red lips!
The girl with red lips and pink
cheeks may be thankful, for both de-
signate health, vigor, and beauty. But
if she is not so fortunate, she may be
impossible for some to attain owing to
morbid states, or health yet a vast
majority of seemingly healthy young
women and men are almost colorless,
because of a lack of red blood cor-
puscles. When the blood is improved
and enriched with these red corpuscles,
the weight increases and a beautiful
tint appears on the cheeks, while the
lips assume a healthy red color. Many
physicians and beauty doctors pre-
scribe three-grain hypo-nuclease tab-
lets which are said to invariably in-
crease the red blood corpuscles after
a course of treatment lasting several
months. The nervous system and gen-
eral health also improve rapidly. The
best physicians and druggists should
supply this tablet in sealed packages.
Take Pain-Away-Pills for headache,
acute pains, etc. Harmless. All drug-
stores.

REV. J. W. HILL MAY DIE.
Kenton, March 17.—Rev. J. W.
Hill of Ada, aged 67, is thought to
be dying as the result of a fall at
Lima a few days ago. Dr. John Wes-
ley Hill, his son, and pastor of the
Metropolitan Temple of New York,
has arrived at the bedside of his father.

IT GROWS HAIR

Here Are Facts We Want You to
Prove at Our Risk.

Marvelous as it may seem, Rev-
all "93" Hair Tonic has grown hair
on heads that were once bald. Of
course, in none of these cases were
the hair roots dead, nor had the
scalp taken on a glazed, shiny ap-
pearance.

Reall "93" Hair Tonic acts
scientifically, destroying the germs
which are usually responsible for
baldness. It penetrates to the
roots of the hair, stimulating and
nourishing them. It is a most pleas-
ant toilet necessity, is delicately per-
fumed, and will not gum or perma-
nently stain the hair.

We want you to get a bottle of
Reall "93" Hair Tonic and use it as
directed. If it does not relieve scalp
irritation remove dandruff, prevent
the hair from falling out and pro-
mote an increased growth of hair,
and in every way give entire satis-
faction, simply come back and tell
us, and without question or formal-
ity we will hand back to you every
penny you paid us for it. Two
sizes, 50c and \$1.00. Sold only at
our store—The Rexall Store—Hall's
Drug Store, 10 N. Side Square.

AMUSEMENTS

"THE MAN ON THE BOX."
The attraction at the Auditorium the-
atre tonight will be "The Man on the
Box," a clean cut comedy, dramatized
from Harold McGrath's novel of the
same name. The play has been a won-
derful success on tour and is an en-
tertaining of rare merit and jollity.

The plot involves a practical joke in
which a lieutenant, "Bob Worburton,"
of the regular army, lately resigned,
masquerades as a family coachman,
and the exchange of identities provides
an entanglement that is highly divert-
ing and a mixture of characters that
is very amusing. Seats on sale now.

"THE CLIMAX."
One of the most important events of
the new theatrical season will be the
advent of the company which Joseph
M. Weber is sending to Newark, Ohio,
to present that homely, heart touching
drama of Edward Locke's "The Climax,"
which is to appear at the Auditorium
on Saturday matinee and night, March
18th. Dainty Florence Webber, who
played the part of Adeline last season
in the west, will have the role of the
girl who lost her voice. "The Climax"
is one of the few plays which is more
enjoyable for a second hearing. The
sale of seats for the engagement is
now open.

"THE GAME."
No truer story of the game of life
has ever been woven into a play in a
more fitting manner than in Jerrald
Sheppard's masterpiece entitled, "The
Game." It tells efforts of a father to
become "something" for the sake of his
daughter and his enemies determined
effort he shall not. Political intrigues
become a part of the plot. The play is
well developed, evenly and with good
dramatic situations. The cast of the
Doyle's Orpheum Stock company is
most capable and well assigned for
"The Game." This company will be the
attraction at the Auditorium theatre
all next week and the sale of seats
opens Saturday, March 18. Ladies' tick-
ets Monday night limited to 250.

"MADAME X."
More than sixty persons appear in the
thrilling court room scene of "Madame
X," the powerful melodrama which
Henry W. Savage will offer at the Au-
ditorium theatre soon.

This scene represents faithfully to
the very last detail a murder trial in
a French Assize court, with all the
colour, locale, the picturesque cos-
tumes, the precise and impressive for-
malities and novel incidents shown in
high relief. "Madame X" is the dra-
matic sensation of the entire civilized
world, having remarkable triumphs in
its credit in Paris, New York, London,
Berlin and a score of more world-cities.

"THE SPENDTHRIFT."
On Saturday, April 1, at the Au-
ditorium theatre, Frederic Thompson
will present "The Spendthrift," Porter
Emery on Browne's play, which has been
the dramatic sensation of the year in
New York. There will be matinee and
evening performances.

"The Spendthrift" is a pulsating, vital
drama of American life of today. Its
theme is extravagant. Written by an

forced out of the system through the
pores of the skin. This condition can-
not be cured unless you remove the
cause. Bin-Ter Complexion Tablets
purify the blood, strengthen the sys-
tem and make your skin healthy, thus
restoring your complexion to its clear,
youthful appearance. Bin-Ter don't
cure you we will return your money.

Under the purifying and tonic effect
of Bin-Ter Complexion Tablets the sys-
tem will be built up and your skin
cleared, usually in about ten days. Sold
and recommended by T. J. Evans, Send

sample.

**POSTOFFICE AT
MT. VERNON WILL
CLOSE SUNDAYS**

Notice has been given citizens in
Mt. Vernon that the first assistant
postmaster general has given author-
ity to close the Mt. Vernon postoffice
on Sunday. This was done as a re-
sult of a recent canvass on the Sun-
day closing proposition. Under the
new regime those clerks who are
required to be on duty on Sunday to
dispatch the mails and work up in-
coming mails are to be given com-
pensatory time off for time employ-
ed on Sundays, which will equalize
the work to be done.

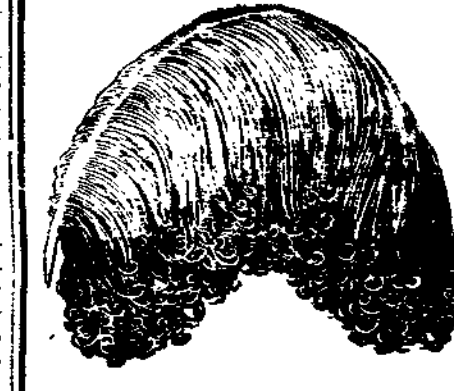

The Newark postoffice employes
are anxious to see a plan like this in-
stituted in the local office.

Daddy's Bedtime Story

General Marion's Dinner

"I am sorry I cannot give you a better dinner."

"I wasn't much of a dinner, but it is one of the most famous meals in American history," said daddy after he had told Jack and Evelyn the title of this story. "The general in the story is Francis Marion, one of the bravest and best of the American soldiers who fought for this country more than a hundred years ago, when the Americans were trying to be free from England."

"General Marion fought against the British in the south. He was a very clever man and a good fighter."

"One day in a fight with the enemy General Marion had taken some prisoners. The British had also made prisoners of some of the Americans, and the British general thought he wanted to exchange prisoners, so he sent one of his officers to talk the matter over with General Marion. The officer found Marion with his men in a swamp. The general received him politely and asked him to sit down on a log to talk over matters. 'But, general,' said the British officer, 'had we not better go to your tent to talk?'

"My tent," said General Marion. "I have no tent."

"But where do you sleep?" asked the Englishman.

"On the ground, with my blanket around me," said the general—"that is, when I have a blanket. But just now I have no blanket, for my only one was burned last week."

"After General Marion and the British officer had made their arrangements about the exchange of prisoners General Marion asked his guest to remain and have dinner with him."

"I wonder what kind of dinner he will have if he has not even a blanket to cover him when he sleeps?" said the Britisher to himself, but he accepted the invitation.

"In a few minutes one of Marion's men said that dinner was ready. The general led his guest to a fire, where they were served with some baked sweet potatoes on a piece of bark instead of a plate."

"I am sorry," said the general, "that I cannot give you a better dinner but this is all we have to eat now. We are lucky, for sometimes we do not even have as much as this."

"When the British officer reached his own camp he said to his general: 'I do not think we shall ever be able to beat these Americans. When men love their country so much that they are willing to sleep on the ground and eat nothing but potatoes no other people can whip them.'"

KENTUCKY MOB

Threatened to Lynch Negro Accused of Assaulting Woman, But Officers Intervened.

Louisville, Ky., March 17.—Mrs. Jacob Schwartz was attacked by Will Fox, a negro, in her home last night. The negro, who was with his wife, Mrs. Schwartz, asked him what he was doing in the house. Young daughters of the assaulted woman saw the black man spring upon their mother and screamed for help. Men and boys on the street rushed to the house and saw the black leaving. They gave pursuit, the crowd growing in numbers. When captured the negro was brought before Mrs. Schwartz and accused as her assailant. He made no denial and the mob yelled "lynch him!"

At this juncture the police intervened. The negro says he is from Christiansburg, Ky. He threatened his pursuers with a revolver when he was cornered, but the gun was knocked from his hand. At the jail ten rounds of ammunition were found in his pockets.

EUREKA BIBLE CLASS OF CENTRAL CHURCH OF CHRIST. Every member of the Eureka Bible Class of the Central Church of Christ will please take notice that the class will meet in the basement of the church next Sunday at the usual hour. This change is due to the fact that the class has outgrown its former room. The growth of this class has been remarkable. Two years ago it numbered about a dozen boys, while last Sunday 64 boys answered to the roll call.

GRAY HAIRS BANISHED.

The old idea of using sage for darkening the hair is again coming in vogue. Gray grandmothers used to have dark, glossy hair at the age of seventy-five, while our mothers have white hair before they are fifty. Our grandmothers used to make a "sage tea" and apply it to their hair. The tea made their hair soft and glossy and gradually restored the natural color. One objection to using such a preparation was the trouble of making it, especially as it had to be made every two or three days on account of its souring quickly. This objection has been overcome and by asking almost any first-class druggist for Wyeth's Sage and Sulphur the public can get a superior preparation of sage, with the addition of sulphur, another valuable remedy for hair and scalp troubles. Daily use of this preparation will not only quickly restore the color of the hair but will also stop the hair from falling out and make it grow. It is sold by all druggists for 50c and \$1.00 a bottle, or is sent direct by the Wyeth Chemical Company, 74 Cortlandt St., New York City, upon receipt of price.

For sale and recommended by F. D. Hall, druggist.

CENTRAL CHURCH

The weather conditions being favorable Thursday night's meeting was more largely attended. The theme for the "open Parliament" discussion was: "What His Christian Baptism Done For You?" Much interest and good comes out of these discussions. Members become wiser in "Parliament law" as well as open confession being good for the soul.

The sermon, "Joy in the Desert," was ably handled by Bro. Ward and was listened to with great interest.

"Disciples Who Were Called Christians" will be the subject for tonight.

Most of Newark's populace knows what it means when Parish holds their Semi-annual Popular-Price Sale—most all realize the excellent opportunity in obtaining new, artistic furniture at the most legitimate price-concessions and the advantage of paying for it on small, easy weekly payment.

TO OUR NEW FRIENDS

and our old as well, we to say that house-cleaning time is right at hand, and no doubt you have in mind the purchase of one or more pieces of furniture to help brighten up your home—to make it more cheerful. Don't overlook our bright cheery stocks nor our convenient terms.

The excellent quality of all furniture concerned in this sale—whether it's for the parlor, dining-room, sitting-room, reception hall, bed-room, kitchen or furnishings—must strongly appeal to all careful buyers—must appeal forcibly, on account of the popular prices, to all economical buyers. But the opportunities

WILL NOT LAST LONG

as we can afford it but for a limited time. Don't put it off, come now — we'll store what you may desire if you are not quite ready for it. But above all remember that the store is filled with attractive reliable furniture at prices and a payment plan worth your most careful consideration.

LEGISLATURE

(Continued from Page 1.)
luctantly forced to decide in favor of the plan of order.

Mr. Tarkenton moved to have the bill referred to the committee with instructions to amend the title, to change the sectional numbering and to "incorporate" the old matter elided and the amendments offered. In the debate Representative Langdon supported the motion, raised that the committee had no power to change a codification of existing laws. Without action Representative W. W. Riddle of Logan Republican, moved to strike out the instructions of the Tarkenton motion and simply recommit the bill. This was done.

It was then announced that the committee by this action and through the action of the chair, was limited to reporting back only the original Langdon bill, which was prepared by former Secretary of State Lewis C. LaVlin as the codifier for the attorney general. After the adjournment Chairman Smith of the committee waited in Speaker Vinings and entered a committee at not being informed of the amendment, rule the bill off the calendar point, rule of that nothing had been accomplished save to lose valuable time. Later he stated that he had

been informed by Judge George B. Okey, who was a member of the codifying commission of 1880, that the general assembly had changed fully one-third of the report of that body by adding to and taking away from it.

It was also pointed out that even as late as 1914 the general assembly had done the same thing. After a conference with President R. M. Barry, of the tax commission, it was decided to prepare a bill carrying everything that appeared in the measure of yesterday and offer it next Monday.

When the taxation committee met last night a motion was made to indefinitely postpone the Langdon bill, and this carried. The only result will be to increase the codification work after the session as well as to increase the liability to error and mistake. As drafted, it would have fitted exactly into the present code, as it contained many matters relating to the various forms of taxation in the state and supplemented existing sections.

Following this action the statement was made by a prominent state official that this shift in affairs marks the beginning of a hard fight against the tax commission bill, which vastly increases the power of that body and also against the ten-miles minimum tax levy bill.

Representatives of the public ser-

vice corporations within 12 hours have said that they could count upon 64 votes in the house against the tax commission measure and that it was assured that the one percent levy bill was "snagged" in the senate.

PRESENT SESSION

Probably Will Not Enact Congressional Gerrymander Bill.

Columbus, March 17.—No enactment of a congressional gerrymandering bill at the present session of the general assembly is expected by Chairman W. D. Fulton, of the house committee on federal relations. This statement was made yesterday by the chairman after conversation with Congressman Matthew R. Denver, of the Sixth district; Congressman-elect J. D. Post, of the Seventh district, and Congressman-elect Alfred C. Allen, of the Second district. These gentlemen dropped in on the committee to inquire into what was being done, and to look over the tentative maps that have been constructed up to date. Congressman Denver does not look for early action upon the ratio bill at the special session of congress next month.

There is in the senate a party which believes that the matter of making the ratio should be left entirely to the house, which is affected by it. On the other hand, there is a party that takes opposing ground.

The present work of the general assembly should not keep it here longer than the last week in April. It will be, therefore, necessary to recess until some time later in the year, to await the action of the congress.

In the meantime the work of modeling gerrymanders based upon the basis of 21 and 22 congressmen can proceed, and an agreement had among the Democratic majority. Until yesterday it was thought that the ratio would be furnished by Washington in time for consideration before May.

The present law requires all nominations for this office to be made by a direct vote. It will, therefore, be impossible to enact a twenty-one district gerrymander and then elect an additional member at large, as has been suggested, unless a change is made before recessing.

With this information at hand the original plan to nominate a steering committee to select the big legislation to be put through will now be taken up. In the meantime the so-called "dead wood" legislation will be cut out of the way as fast as possible, so as to clear the decks.

This will be the subject of a conference between Governor Harmon, Lieutenant Governor Nichols, Speaker Vinings and a number of the chairmen of the important committee of both branches.

OHIO PENITENTIARY

May Be Moved and Montgomery County Wants It at Dayton.

Columbus, March 17.—Although the joint committee appointed by the

general assembly for the purpose of investigating the question of conditions at the Ohio Penitentiary has not yet reported, it is definitely understood that it is decided to rebuild the prison there will be no limitation as to site. In other words it will not be insisted that the prison be kept in Columbus or Franklin county. In anticipation of this action Senator George Cetone of Dayton made the announcement that that city and Montgomery county will be competitors for the award.

It is proposed to donate a site to the state, and to offer such other considerations as may be required. Senator Cetone points to the fact that the state prison in Indiana is not located at the capital and there are many other states in which the same conditions are to be found.

Montgomery county now has the National soldiers' home and the Dayton hospital for the insane. The farm purchased for the latter institution last year earned over \$25,000. He asserts that the land in that vicinity is far richer than in Franklin county and that there are other natural advantages over this locality.

It is quite certain that if a competition is opened up there will be a host of entries, which will insure the state what is now lacking, financial aid.

Quickly Cures Coughs, Colds and Catarrh

If you, dear reader, could spend an hour looking over a few of the thousands of testimonials that we have on file, you would not go on suffering from catarrh, that disgusting disease that will surely sap your vitality and weaken your entire system if allowed to continue.

You would have just as much faith in HYOMEI as we have, and we have so much confidence in its wonderful curative virtue that it is sold the country over under a positive guarantee to cure catarrh, croup, sore throat, coughs and colds on money back.

No stomach dosing when you breathe HYOMEI. Just pour a few drops of the fluid into the inhaler and breathe it in.

It is mighty pleasant to use; it opens up those stuffed up nostrils in two minutes, and makes your head feel as clear as a bell in a short time.

Breathe HYOMEI and kill the catarrh germs. It's the only way to cure catarrh. It's the only way to get rid of that annoying hawking, snuffling and spitting.

A complete HYOMEI outfit, which includes a bottle of HYOMEI and a hard rubber net inhaler, costs \$1.00. If you already own a Hyomei inhaler you can get an extra bottle of HYOMEI for 50 cents. Sold by Evans' Drug Store.

MRS. POMEROY'S DEATH CAUSED DEEP REGRET

Was Eldest Daughter of the Late Dr. Daniel Shephardson of Granville—News of the College City.

Granville, March 17.—The news of the death of Mrs. Sterling Pomeroy, eldest daughter of Mrs. E. S. Shephardson, widow of the late Dr. Daniel Shephardson, which occurred in Boston several days ago, was received here with deep regret by her many friends. The funeral services were held on Tuesday and the interment was made in the Pomeroy burial lot near Springfield, Mass. The family came to Granville when she was quite small. She studied art in the Young Ladies' Institute, graduating in 1875. She was an accomplished musician, although she never did any work before the public. In 1876 she went abroad to study art and at that time met Dr. Pomeroy, who was studying in Vienna. On her return to this country she was shipwrecked off New Foundland and narrowly escaped, saving only the contents of her suit case. She lived in Germany for several years but returned to Boston where she has since made her home. She is survived by one sister, Mrs. Frank Thorn, of Norfolk, Va.; Dr. Francis W. Shephardson of Chicago; Dr. George Shephardson of Minneapolis, and Ernest Shephardson, who is teaching at O. S. U.

Doane Assembly has a fine basketball team, and on next Saturday evening at 8 o'clock will play the fast Xenia High School bunch on the home floor. Xenia has made a splendid record this year, winning twelve out of her last fifteen games, and piling up more than 700 points to a total of 300 by her opponents. The visitors are coached by Stokes, the 'Varsity's star of last year. There should be a good turnout of the boys.

Mr. Samuel P. Beinhower, father of Harry T. Beinhower of Granville, died at his home in Miller township, Knox county, on Tuesday, March 14. The deceased was born August 6, 1852, in Dalphine county, Pa., and was aged 58 years, seven months and eight days at the time of his death. When only three months old he came with his parents to Knox county and had been a resident of that county all his life. On September 3, 1874, he was married to Miss Marie Berger and from this union six children were born, two of whom are living, Harry T. of Granville, and Miss Mary E. Beinhower, who lives at home. He united with the Beulah M. P. church at Bangs under the ministrations of Rev. T. J. West, February 18, 1891, and remained a constant member of that church up to the time of his death. He was also a member of Sycamore Lodge of Odd Fellows, No. 553, of Brandon, O. He is survived by his widow and one son and one daughter, four grand-children, and an aged father and mother, one sister and two brothers, besides many other more distant relatives, and a host of friends.

At the last meeting of the Philomathean society the following officers were elected for the second semester: President, Esther Nixon; vice president, Mamie Geach; recording secretary, Marjorie Holden; corresponding secretary, Grace Miller; treasurer, Harriet Davis; prosecuting attorney, Grace Shenberger; chaplain, Esther Cook; critic, Julia Moore.

Miss Gladys Jones left Thursday morning for her new home near Zanesville. She was accompanied by her aunt, Mrs. Anna Evans of Newark. Mr. Evan Jones has already moved on his farm and Mrs. Jones and the children will go down very soon.

Miss Bernice Holden of Clermont county, who has been visiting relatives and friends here for some time, returned home Friday.

The sale at the Bert Everett farm, west of town, was largely attended and everything sold well.

Thomas Richards is still very ill at his home.

Miss Mamie Lloyd entertained a number of her friends at her home on the Columbus road recently, honoring Miss Gladys Jones, who is to leave soon for Zanesville.

Miss Mary Hill of Cumberland, Md., who has been visiting relatives and friends in Newark and Granville for some days, returned home Thursday.

Miss Minnie Vandenberg gave a party Tuesday evening at her home on North Main street, honoring Miss Gladys Jones. About twenty couples were present.

Harry Beinhower was called to Brandon, O., on account of the death of his father, Mr. Samuel P. Beinhower.

MEETING ADJOURNED TO NEXT THURSDAY

The trustees of the Soldiers' and Sailors' memorial building met in special session on Thursday night with members Kibler, Jones, Hartshorn, Smith, Lovett and Ashbrook present.

No action was taken on the leasing of the Auditorium theatre and the board adjourned until next Thursday night when the matter will finally be settled.

The trustees of Newark township presented a communication to the board asking for an appropriation of funds from the treasury of the board to cover the payment of the Memorial hall bonds to become due beginning with the year 1912 and ending in 1922, when the last bond will be due.

The desire of the township trustees is that the payment of these bonds be met by the surplus funds in the hands of the treasurer and the board. This matter was deferred until the April meeting of the

WHY MARCH IS THE MOST DANGEROUS MONTH

March is the most dangerous month of the year because the change of season is more than a good many system can stand. Too often it is true that the sick "last only till spring." But, if the system is driven from the blood and the nerve tissues fed with wholesome and strengthening food medicine, there is no danger in the change of seasons.
